Product Description

200gTemperature Range -40C To 230C Silicone Stretch Lids Transparent Pack of 6

Product Description:

Silicone Stretch Lids are the perfect refrigerator safe lids that can keep food fresh for longer. Made from quality silicone materials, they are safe and free from BPA and other harmful chemicals. These lids are leakproof and can endure temperatures from -40 to 230 , making them freezer safe and perfect for storing food for long periods of time. With a stretchable design, these lids can easily fit over most containers, mugs, and bowls, making them perfect expandable bowl toppers. Keep your food safe and fresh with these silicone stretch lids.

Applications:

Silicone stretch lids are an essential item for keeping food fresh and secure. These flexible container caps are made from high-quality silicone that is durable, reusable, and leakproof. The 6-pack set is ideal for storing and preserving leftovers, snacks, and other food items in the refrigerator or freezer. The lids are freezer safe and allow you to store food longer without worrying about air leaks. They are also easy to use as they can stretch and fit snugly over any container. With these silicone stretch lids, you can be sure that your food will stay fresh and secure.
